

Manan

TRAINING ACADEMY

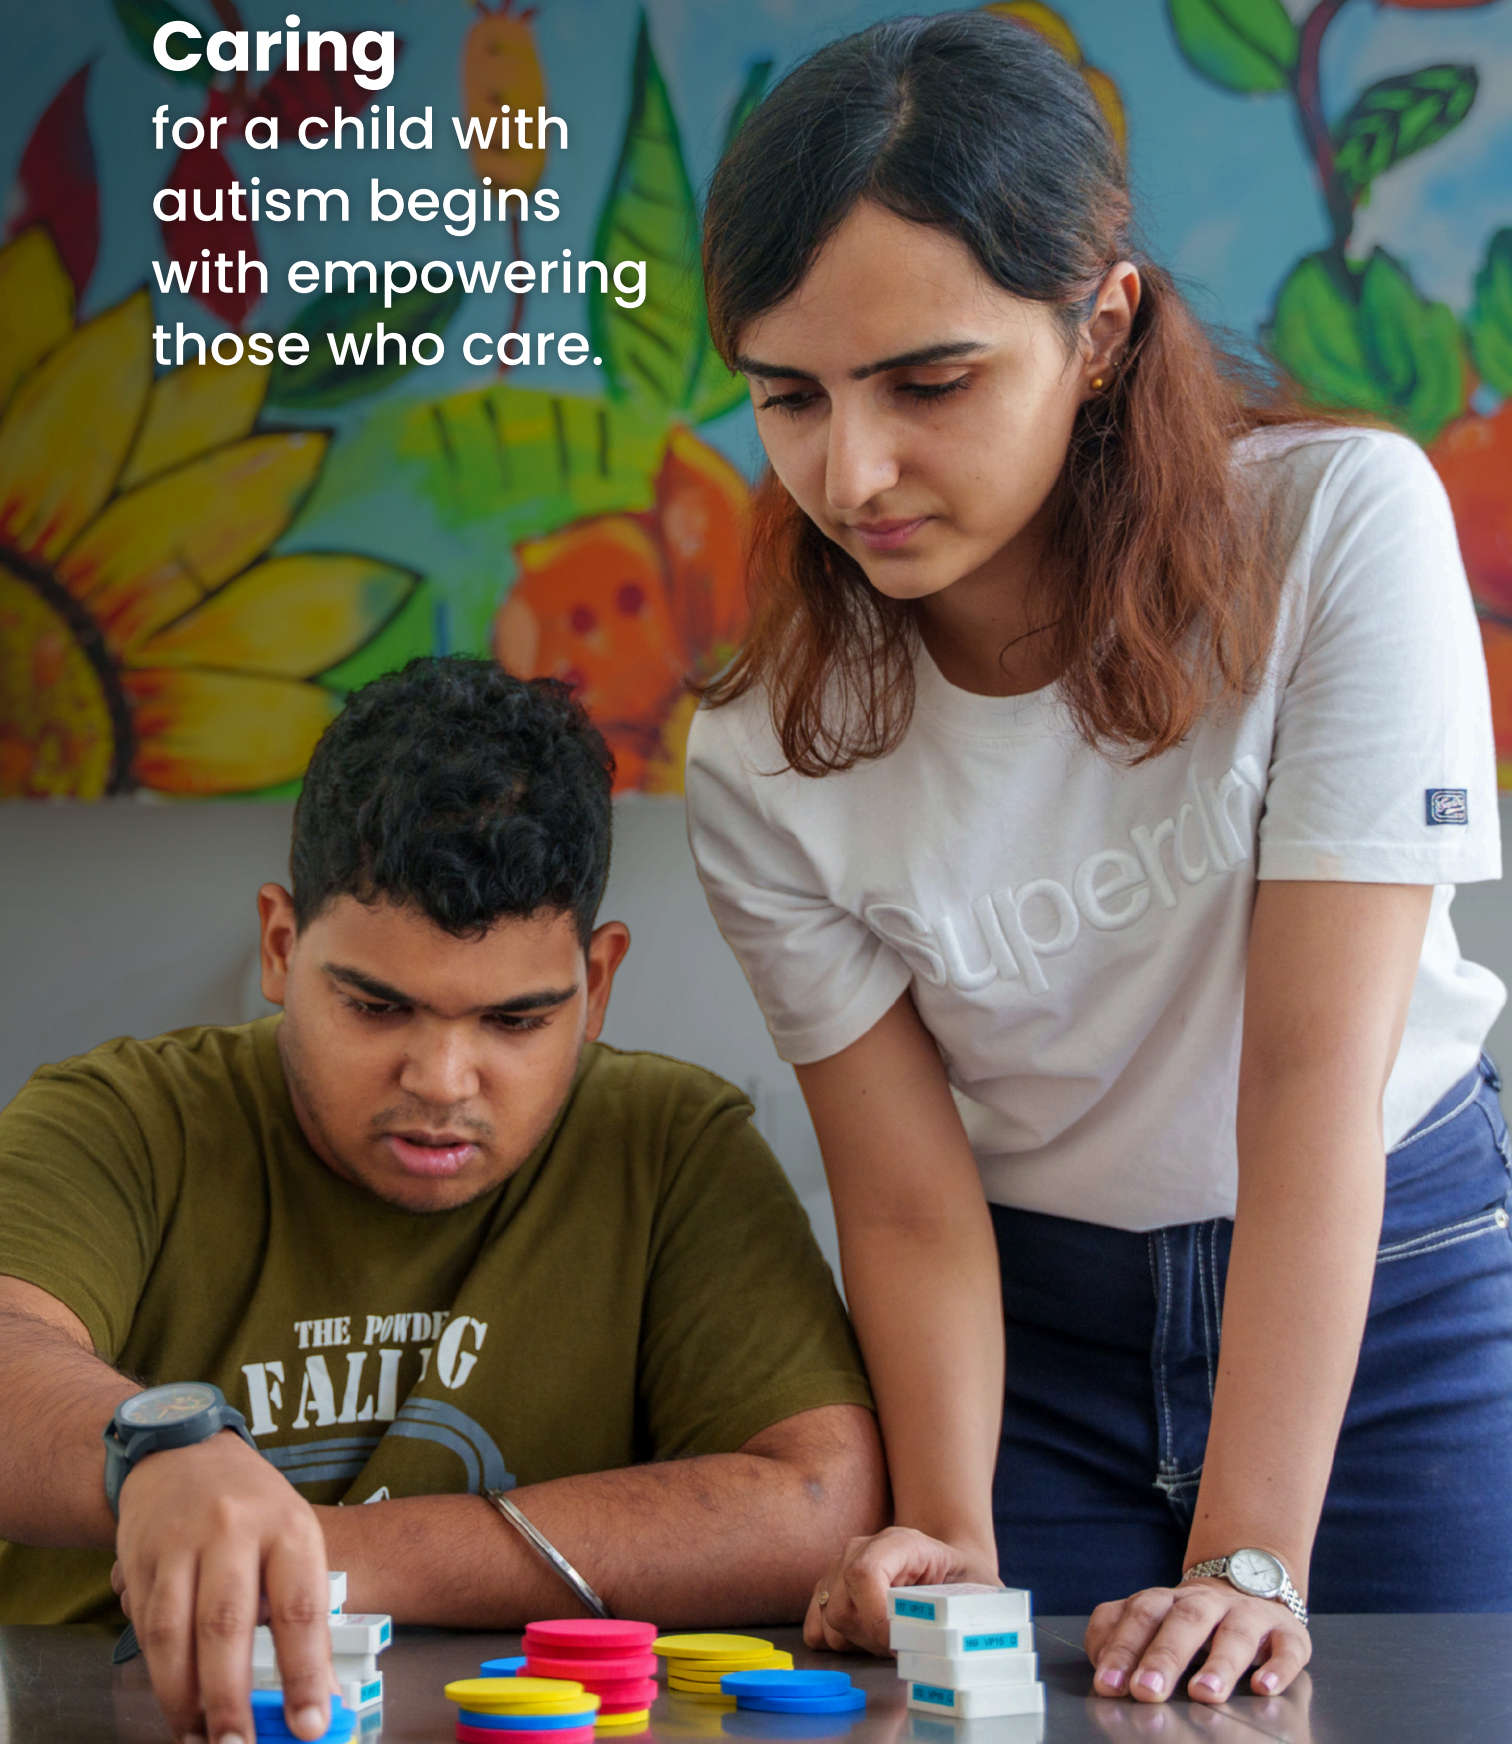

Bridging Care and Compassion
for Individuals with Autism

Caring

for a child with autism begins with empowering those who care.

Our Vision

To build a

workforce of skilled caregivers

who bring dignity,
independence, &
support to individuals
with autism across India.

Our Mission

Equip learners

with job-ready
caregiving skills.

Strengthen

frontline capacity in schools,
therapy centers, and care homes.

Empower families

by creating a sustainable network
of trained professionals.

Your journey
toward **impact**
begins here.

Families are often left struggling alone. Manan, the training wing of India Autism Center, exists to change that—by preparing practical, compassionate professionals through expert-led learning and hands-on experience.

1 in 8

Indians lives with autism or a related condition, yet trained caregivers remain scarce.

Manan, IAC's training wing,
is here to **change** that.

Our immersive program blends expert-led training with hands-on practice and internship to equip professionals with practical knowledge and compassion to make a real impact.
